

WPE-D SERIES Hydraulic Pump Electric Drive, Double Action Adjustable Pressure from 350bar to 700bar Flow rate as required

Features:

1. WPE series pump offers 2 stage pressure, and two kinds of flow output exchanges automatically.
2. High quality solenoid offers high stability and durability..
3. Non-carbon brush motorsupply a steady performance and long working life.
4. Smart cooling system allows long time continuous operation.
5. With easy-economical repair parts, the pump can be used for long time with these recycle parts.
